FORMANI®

**The details
are not
the details.
They make
the design.**

Charles Eames

‘Obsessed with details’ is characteristic of everything we do at FORMANI. After all, the difference lies in the details. That is why we constantly challenge ourselves to push the boundaries: from product to process, from strategy to service. In short, at FORMANI: ‘good is the enemy of great!’

Our designs must also meet high standards. National and international top designers, who take architectural hardware to a higher level, choose to work with us with good reason. We do not limit our collaborations to one design movement or style. We have shared and decisive core values. These include a passion for design, an eye for detail, and high standards of quality and craftsmanship.

FORMANI’s wide range of collections clearly demonstrate our willingness to go the extra mile. We never design just one beautiful door handle out of context. Instead, we always offer our customers a complete concept. This allows the chosen signature look or finish to be used as a common thread throughout the interior, and links door, window, and furniture fittings on a conceptual level.

In this book you will find all our 17 collections. Each chapter contains practical and inspirational reference material. Our formani.com website also has a convenient search function and additional documentation. If you have any questions, please do not hesitate to contact us. Our FORMANI team is here to help you with a smile, a healthy dose of self-knowledge, and a dash of humour.

Pim Aarts
Owner and Managing Director

‘Obsessed with details’ är utmärkande för allt vi gör på FORMANI. Skillnaden ligger trots allt i detaljerna. Det är därför vi hela tiden utmanar oss själva att tänja på gränserna: från produkt till process, från strategi till service. Kort sagt, på FORMANI: ‘good is the enemy of great!’

Vår design ska också uppfylla höga krav. Nationella och internationella toppdesigners, som tar arkitektonisk beslagning till en högre nivå, väljer att arbeta med oss av goda skäl. Vi begränsar inte våra samarbeten till en designrörelse eller stil. Vi har gemensamma och avgörande kärnvärden. Dessa inkluderar en passion för design, ett öga för detaljer och höga krav på kvalitet och hantverk.

FORMANIs breda kollektion visar tydligt vår vilja att gå ett steg längre. Vi designar aldrig bara ett vackert dörrhandtag ur sitt sammanhang. Istället erbjuder vi alltid våra kunder ett komplett koncept. Detta gör att den valda stilen eller finishen kan appliceras som en röd tråd genom hela interiören och länkar samman dörr-, fönster- och möbelbeslag på en konceptuell nivå.

I den här katalogen hittar du alla våra 17 kollektioner. Varje kapitel innehåller praktiskt och inspirerande referensmaterial. Utöver detta erbjuder vår webbplats formani.com en praktisk sökfunktion och ytterligare dokumentation. Om du har några frågor, tveka inte att kontakta oss. Vårt FORMANI-team är här för att hjälpa dig med ett leende, en hälsosam dos självkännedom och en gnutta humor.

DESIGNERS AND DESIGNS

Design is paramount at FORMANI. Design is in our DNA. It's no wonder that many top designers consciously incorporate our brand into their designs. Get to know the designers and the hardware collections that we have developed together. You will quickly come to see that 'Obsessed with details' is more than just a slogan for FORMANI. While each of our collections is unique, they also have a number of things in common such as: sublime design, high-quality craftsmanship, and broad applicability thanks to a complete concept.

Design är av största vikt hos FORMANI. Design finns i vårt DNA. Det är inte konstigt att många toppdesigners medvetet använder vårt varumärke i sin design. Lär känna formgivarna och de beslagskollektioner vi har utvecklat tillsammans. Du kommer snabbt att se att 'Obsessed with details' är mer än bara en slogan hos FORMANI. Medan var och en av våra kollektioner är unika, har de också ett antal saker gemensamt, som sublim design, kvalitativt hantverk och bred tillämpbarhet tack vare ett helhetskoncept.

“At Studio Piet Boon we believe that there is great beauty in simplicity. The simplest details leave a lasting impression. Therefore never underestimate the importance of door fittings.”

“We wanted to create something timeless — a modern classic — with an inflection point that responds to the human touch, like a prop on a stage. The door handle signifies transition and journey.”

New York, USA

Design philosophy: “It’s about observing a situation – a process, object or place – and believing it can be better.”

“Door handles may seem like an inconspicuous part in the home, but the devil is in the detail.”

Laren, the Netherlands

Design Philosophy: “I prefer to design a product that combines design and convenience in a natural way. Any product that I design must be something tough, chic and timeless with a tad own wisdom in them. Functional products with a surprising twist.”

Osiris Hertman

“A door handle is the crowning jewel of your home – it’s always there, always visible. We’ve chosen a clear, sturdy design with a conical shape and removed the rosette by concealing the technology in the cone section.”

Santpoort-Zuid, the Netherlands

Design philosophy: “I like to incorporate landscapes into my interiors, guided by the essential influence of nature. I believe nature can teach us everything we need to know about design: the warmth of clothing, the softness concealed within hard materials, even flexibility and cohesion. Because that’s what really counts when it comes to interiors: that every last detail is in harmony with the rest.”

Restaurant Noma 2.0

Product: ONE PBL20XL/50 satin black

We open the doors of ‘the world’s best restaurant’

Following the success of the celebrated restaurant Noma, which had been voted the world’s best restaurant four times, chef René Redzepi opened Noma 2.0 in Copenhagen in 2018. In 2021 the restaurant has been awarded three Michelin stars. Bjarke Ingels Group (architect) and Studio David Thulstrup (interior design) have created a superbly Scandinavian feel without any of the usual clichés. The designer favoured door fittings and bathroom accessories from the ONE collection by Piet Boon. After all, the clean lines and high-quality finish of our products fit seamlessly into the look and feel of the place. Honest, simple, and understated design does all the talking.

Efter succén med den hyllade restaurang Noma, som hade röstats fram som världens bästa restaurang fyra gånger, öppnade kocken René Redzepi Noma 2.0 i Köpenhamn 2018. 2021 belönades restaurangen med tre Michelinstjärnor. Bjarke Ingels Group (arkitekt) och Studio David Thulstrup (inredning) har skapat en superb skandinavisk känsla utan några av de vanliga klichéerna. Designern valde där dörrbeslag och badrumstillbehör från ONE-kollektionen av Piet Boon. De rena linjerna och den högkvalitativa finishen på våra produkter ansluter sömlöst till utseendet och känslan av platsen. Ärlig, enkel och diskret design. Mer behövs inte.

Rock 'n Roll Black

Together with co-owner and Michelin-starred chef Sergio Herman, who has since left the restaurant, Michelin-starred chef Nick Bril worked together with Studio Piet Boon to develop a vision for The Jane: fine dining meets rock 'n roll. They transformed the chapel of a former military hospital in Antwerp into a high-end, contemporary restaurant with an international allure. The iconic designs of our ONE collection bring everything together, and the black finish perfectly matches The Jane's unique character.

Tillsammans med delägaren och Michelin-kocken Sergio Herman, som sedan dess lämnat restaurangen, arbetade Michelin-kocken Nick Bril tillsammans med Studio Piet Boon för att utveckla en vision för The Jane: fine dining meets rock 'n roll. De förvandlade ett kapell vid ett före detta militärsjukhus i Antwerpen till en exklusiv, samtida restaurang med internationell tilldragelse. Den ikoniska designen i vår ONE-kollektion sammanbinder allt, och den svarta finishen matchar perfekt The Jane's unika karaktär.

A smooth inclination

A smooth inclination

Smooth curves and an excellent grip is what characterizes our INC collection by Piet Boon. Starting out as a circular cylinder volume, the INC took shape after flattening the circle and tapering the end. This provides the handle with a smooth inclination, to which the INC is named.

En mjuk inklination

Mjuka linjer och ett utmärkt grepp är vad som kännetecknar vår kollektion INC av Piet Boon. Med avstamp i en cirkulär cylindervolym, tog INC form efter att cirkeln plattats ut och avsmalnats mot änden. Detta ger handtaget en mjuk inklination, vilket gett INC dess namn.

Another world opens

Brut172, located in a historic farmhouse near Maastricht, is Michelin-starred chef Hans van Wolde's luxurious restaurant. Interior designer Niels Maier combined the building's characteristic elements with 'rustic' and raw materials such as wood and steel. The modern yet soft lines of the INC door handle represent an eye-catching contrast to the raw materials of the interior. The PVD satin black finish clearly stands out from the predominantly soft colour palette which creates stark but appealing juxtaposition.

Brut172, beläget i en historisk bondgård nära Maastricht, är Michelinkocken Hans van Woldes lyxiga restaurang. Inredningsarkitekt Niels Maier kombinerade byggnadens karaktäristiska element med 'rustika' och råa material som trä och stål. De moderna men ändå mjuka linjerna på INC dörrhandtagen, utgör en fin kontrast till inredningens råa material. Dessutom sticker den satinsvarta PVD-finishen tydligt ut från den övervägande mjuka färgpaletten vilket skapar en skarp men tilltalande helhet.

ARC

by Piet Boon

Geometric shapes

Geometric shapes

Following clean lines and geometric shapes, our ARC collection by Piet Boon is defined by its no-nonsense appeal. The unique silhouette arose by dividing a cylinder volume exactly in half, which gives the ARC its characteristic flat side and a side characterized by an arc — after which the ARC is named.

Geometriska former

Utifrån rena linjer och geometriska former, definieras vår ARC-kollektion av Piet Boon för sin tilltalande enkelhet. Den unika silhuetten uppstod genom att dela en cylindervolym exakt i hälften, vilket ger ARC sin karaktäristiska platta sida och bågformade sida (eng. arc) – som gett ARC dess namn.

ECLIPSE

by David Rockwell

An iconic silhouette

reddot award 2021
winner

An iconic silhouette

Simplicity meets innovation in our ECLIPSE collection by David Rockwell. The iconic silhouette is a cylindrical form with a curved, carved channel — an inflection point that perfectly meets the hand's grasp. Simple, sculptural tooling offers both a square and round return option for a distinctive profile. The sublime finish creates soft lines that ensure a perfect ergonomic grip. The door handle is manufactured as one piece, allowing the moon-like detailing to continue seamlessly along the entire length of the arm and over the curve to the start of the neck.

En ikonisk siluett

Enkelhet möter innovation i vår kollektion ECLIPSE av David Rockwell. Den ikoniska siluetten är en cylindrisk form med en krökt, snidad fåra — en böjningspunkt som perfekt möter handens grepp. Enkla, skulpturala former som erbjuder både ett fyrkantigt och runt alternativ för en distinkt profil. Det sublima resultatet ger mjuka linjer som säkerställer ett perfekt ergonomiskt grepp. Dörrhandtaget som är tillverkat i ett stycke, låter det månliknande snittet fortsätta sömlöst längs hela armens längd och över kurvan till början av nacken.

Restaurant Tuur

ECLIPSE reference

Interior design: Niels Maier

Photography Tijmen Ballieux

Product: ECLIPSE DR100 PVD satin black

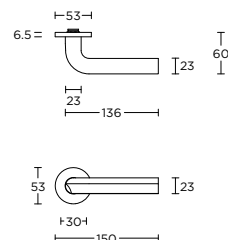

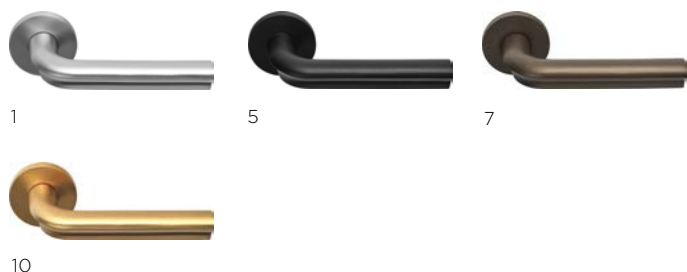

Chic and trendy

Restaurant TUUR opened its doors on the site of the much-loved Cinema café in Maastricht. In terms of design TUUR is chic, but approachable for everyone. Interior designer has transformed the former brown café into a hip establishment that radiates spaciousness and has trendy furniture and accessories, combined with authentic details that you also see in a brown café. Huge wooden tables in combination with a trendy bar with marble on top. Light walls are making the area more spacious and details such as our ECLIPSE by David Rockwell doorhandle finishes the design with laconic and modern touch.

Restaurang TUUR slog upp portarna på platsen för det mycket älskade Cinema caféet i Maastricht. Designmässigt är TUUR chic, men tillgänglig för alla. Inredningsdesigner har förvandlat det tidigare bruna caféet till en hipp anläggning som utstrålar rymlighet med trendiga möbler och accessoarer, kombinerat med autentiska detaljer som man även ser på ett brunt café. Stora träbord i kombination med en trendig bar med marmor ovanpå. Ljusa väggar som skapar rymd och detaljer som vårt ECLIPSE by David Rockwell dörrhandtag sluter designen med en lakonisk och modern touch.

TENSE

by Bertram Beerbaum

Robust and chique

Robust and chic

Our TENSE collection by Bertram Beerbaum is guided by a clean aesthetic that is as robust as it is chic. Every design in the series is unique while at the same time bearing the unmistakable TENSE signature. The core of every design is the cylindrical neck to which each rectangular lever is connected in its own unique way. This is thanks to our extreme high precision welding technique, which forms a secure joint between two very different shapes.

Robust och chic

Vår TENSE-kollektion av Bertram Beerbaum styrs av en ren estetik som är lika robust som den är chic. Varje design i serien är unik samtidigt som den bär den omisskännliga TENSE-signaturen. Kärnan i varje design är den cylindriska halsen till vilken varje rektangulärt grepp är ansluten på sitt eget unika sätt. Detta tack vare vår extrema högprecisionssvetsningsteknik, som bildar en stark fog mellan två väldigt olika former.

CONE

by Osiris Hertman

A conical shape

winner

A conical shape

The CONE collection by Osiris Hertman, inspired by the handle on a safe, is characterized by its elegance and timeless aesthetic. The neck of the door handle is tapered, resulting in its characteristic conical shape. The rose-less design also creates the allusion of a floating door handle. The door handle is manufactured as one piece, making it a technical masterpiece, especially with the extremely high-standard finish applied. The seamless design imbues a space with a sense of tranquillity while substantially enhancing the overall aesthetics.

En konisk form

CONE-kollektionen av Osiris Hertman, inspirerad av handtaget på ett kassaskåp, kännetecknas av sin elegans och tidlösa estetik. Halsen på dörrhandtaget är avsmalnande, vilket resulterar i dess karakteristiska koniska form. Den rosettlösa designen skapar också anspelningen av ett svävande dörrhandtag. Dörrhandtaget är tillverkat i ett stycke, vilket gör det till ett tekniskt mästerverk, speciellt med tanke på den extremt höga finish som tillämpas. Den sömlösa designen ger ett uttryck med en känsla av lugn samtidigt som den bidrar till den övergripande estetiken.
